

Priyanka More

Hyderabad, Telangana, India.

Mail: more.piyapatil@gmail.com

Skype: more.piyapatil

Phone: +91 9346397059 | Line ID: priyankamore

Date of Birth: 10/09/1995, 23 Years.

Masters of Engineering in Computer Science,

Asian Institute of Technology, Thailand.

Technical Skills

Languages: C++, C#, Java, JavaScript, Ruby, PHP, and Python.

Front-end/Framework: HTML, CSS, Bootstrap, JSON, JQuery, Ajax, And VueJS.

Frameworks(Web/Mobile): NodeJS, Ruby on Rails, and decent knowledge on Flutter

SQL: Postgres, SQL Server, MYSQL and NoSQL

Graphics/Game Engine: Unity3D, Opengl, Blender and Maya.

Experience

Asian Institute of Technology, Thailand

Research Associate – Part Time

April 2019 - PRESENT

- Developing a Web API and designing UI for web/mobile application for Food Wastage Management System.

Technologies:

Front-End: HTML, Bootstrap, JavaScript, jQuery, Ajax.

Back-End: .Net Core API 2.2.

Database: SQLite

Server: AWS.

Domain: <http://krusave.com/Register.html> (Note: In development)

BAANBANCHI CO., LTD, Thailand

Software Developer - Internship

Oct 2018 – MAY 2019

- Developed a web site for the company (Baan Banchi Co., Ltd). I learnt how a real world web application is created and maintained.
- Developed an Accounting System for the company **CHAZ INSURANCE BROKERS LTD**. This system is used for updating the accounting (salary) records and to calculate tax of the employees. Apart from development of the software it taught me the importance of requirement gathering and estimating the timeline for a project before implementation and importance of software documentation.

Domain URL: <http://payrollandfixedassets.baanbanchi.com/home.php> (Only Register employee can login).

Responsibilities:

- Development of Web/Mobile/Windows application.
- Software Design Documentation
- Customer requirements gathering and preparing software solution proposal.

Technologies:

Front-End: HTML, Bootstrap, JavaScript, jQuery, Ajax, and Windows forms

Back-End: PHP, C#.

Database: MySQL, and SQL Server.

Server: A2Hosting.

IDE: Visual Studio 2017.

Master's in Computer Science

Jan 2017 – Dec 2018

Role Play Game Development (Masters Research Study)**Research Grade: Excellent (4/4) | CGPA: 2.93/4 (68.6%)**

- Developed a third person action role play game (RPG) from end to end process. The essential features of an RPG game like inventories, story play, combat, level ups, character building are included in the game. The experience of the game provides a visual representation of the village with interactive world. The implementation is done with the help of C# programming language. The game is developed with help of Unity Game Engine and Blender Software Tool.

*Jawaharlal Nehru Technological University, Hyderabad, Telangana, India***Bachelor's in Computer Science | Percentage: 72%**

2013 – 2016

*Narayana Junior College Hyderabad, Telangana, India***Intermediate in MPC (Mathematics, Physics and Chemistry)**

2011 – 2013

Percentage: 92.4%*Vasavi High School, Bhainsa, Telangana, India***School | Percentage: 91.2%**

2000 – 2011

Academic Projects

- Developed a Web Application for Conference Registration System.
- Decision Support System based on Customer Lifetime Value Prediction for Online Store.
- Web Application for managing a Company's Inventory Data.
- Developed a Line Chat Bot that can interpret users input and then output relevant information with respect to the user's request.
- Developed a Flying Helicopter Game (object designed in Maya and game developed in Opengl).
- Web Application for Scheduling Student Research and Thesis.

CERTIFICATION

TO WHOM IT MAY CONCERN:

This is to certify that **Ms. Priyanka More**, a citizen of India, was awarded the degree of Master of Engineering in Computer Science by the Asian Institute of Technology on 14 December 2018.

This further certifies that AIT, Southeast Asia's premier postgraduate institute of engineering and applied sciences, has students, staff and faculty coming from more than 40 countries. Given the wide range of cultural backgrounds, English is used as the medium of communication in all academic work and the official administrative language.

The Institute would be very grateful for any assistance extended to Ms. Priyanka More.

Certification is Not Valid
Without the Institute's Dry Seal
