

PRIYANKA MORE

Masters of Engineering in Computer Science,
Asian Institute of Technology, Thailand.
Current Location: Hyderabad, Telangana, India.
Mail: more.piyapatil@gmail.com

Personal data

Nationality: Indian
Birth Date: Sep 10, 1995 (23yrs.)
Phone: +91 9346397059
Skype: more.piyapatil
Line ID: priyankamore

Skills

Programming Languages:
C++, C#, Java, JavaScript, Ruby,
PHP, and Python.

Front-end Frameworks:
HTML, CSS, Bootstrap, JSON,
jQuery, and Ajax.

Back-End Frameworks:
NodeJS, Dotnet, and Ruby on Rails.

Database
Postgres, SQL Server, MYSQL and
NoSQL.

Graphics/Game Engine:
Unity3D, Opengl, Blender and
Maya.

Strong Knowledge on Object-
Oriented Programming.

Communication:
English, Marathi, Hindi, Telugu and
Korean(learning).

Kind Note:

Require a work permit to work in
Thailand.

Academic Projects

Developed a Web Application for
Conference Registration System.

Decision Support System based on
Customer Lifetime Value Prediction
for Online Store.

Web Application for managing a
Company's Inventory Data.

Developed a Line Chat Bot that can
interpret users input and then output
relevant information with respect to
the user's request.

Developed a Flying Helicopter
Game (object designed in Maya and
game developed in Opengl).

Web Application for Scheduling
Student Research and Thesis.

Windows forms.

Back-End: PHP, C#. Database: MySQL, and SQL Server.
Server: A2Hosting. IDE: Visual Studio 2017.

Education

Asian Institute of Technology, Thailand.
Master's in Computer Science | Jan 2017 – Dec 2018
Role Play Game Development (Masters Research Study)
Research Grade: **Excellent (4/4) | CGPA: 2.93/4 (68.6%)**
Developed a third person action role play game (RPG) from end to end
process. The essential features of an RPG game like inventories, story play,
combat, level ups, character building are included in the game. The experience
of the game provides a visual representation of the village with interactive
world. The implementation is done with the help of C# programming language.
The game is developed with help of Unity Game Engine and Blender Software.

Jawaharlal Nehru Technological University, Hyderabad, India.
Bachelor's in Computer Science | 2013 – 2016 | Percentage: **72%**

Narayana Junior College Hyderabad, Telangana, India Intermediate in
MPC (Mathematics, Physics and Chemistry) | 2011 – 2013
Percentage: **92.4%**

Vasavi High School, Bhainsa, Telangana, India
School: SSC | Percentage: **91.2%**

CERTIFICATION

TO WHOM IT MAY CONCERN:

This is to certify that **Ms. Priyanka More**, a citizen of India, was awarded the degree of Master of Engineering in Computer Science by the Asian Institute of Technology on 14 December 2018.

This further certifies that AIT, Southeast Asia's premier postgraduate institute of engineering and applied sciences, has students, staff and faculty coming from more than 40 countries. Given the wide range of cultural backgrounds, English is used as the medium of communication in all academic work and the official administrative language.

The Institute would be very grateful for any assistance extended to Ms. Priyanka More.

Certification is Not Valid
Without the Institute's Dry Seal
