Education

Asian Institute of Technology, Thailand.
Master's in Computer Science | Jan 2017 – Dec 2018
Role Play Game Development (Masters Research Study)
Research Grade: **Excellent (4/4)** | CGPA: **2.93/4 (68.6%)**
Developed a third person action role play game (RPG) from end to end process. The essential features of an RPG game like inventories, story play, combat, level ups, character building are included in the game. The experience of the game provides a visual representation of the village with interactive world. The implementation is done with the help of C# programming language. The game is developed with help of Unity Game Engine and Blender Software.

Jawaharlal Nehru Technological University, Hyderabad, India.
Bachelor's in Computer Science | 2013 – 2016 | | Percentage: **72%**

Narayana Junior College Hyderabad, Telangana, India Intermediate in MPC (Mathematics, Physics and Chemistry) | 2011 – 2013
Percentage: **92.4%**

Vasavi High School, Bhainsa, Telangana, India
School: SSC | Percentage: **91.2%**
